

Primary Bank Spring Update - May 2018

Spring is a season of growth. Flowers are blooming and local businesses are growing. At Primary Bank, we are committed to the growth of our local economy. We keep your deposits local to help fund local businesses and projects. Our spring update includes:

- Small Business Week Spotlight
- Special savings opportunity with our 30-Month Simple Step-up CD
- Designation as the #2 Healthiest Bank in the US, #1 in New England
- Sneak peek at a new business in town

Local Business Partner - Wing It On!

During Small Business Week we visited [Wing It On](#). First time business owners Sean and Mike have taken their sales to the top of the company, but not without a little help from their friends at Primary Bank: "Other banks could not do small business loans. Some were not willing to work with us because we were new. Once we got to Primary Bank, the process was easy, smooth, seamless."

Stop by and grab some delicious wings and tasty chicken sandwiches - they're on South Willow Street, right next to La Caretta.

Primary Bank Earns an A+

Primary Bank has been named the #2 Healthiest Bank in the US, #1 in New Hampshire and New England. [DepositAccounts.com](#), a subsidiary of LendingTree, has released its list of the 2018 Top

200 Healthiest Banks in America, naming Primary Bank #2. [Read more.](#)

The health of our bank depends upon your local deposits, so thank you for supporting our mission.

* APY = Annual Percentage Yield

Something New is In Store

Do you recognize this space?
It is the future home of Table 8 Pasta, located on Wallace Road, near Walgreens and the Inside Scoop.

This new fast-casual restaurant will offer handmade pasta and sauces using fresh ingredients. Expedited service in a comfortable environment will make your experience truly Pastarific!

Primary Bank is proud to finance a new local business to help grow New Hampshire's economy and enhance our community.
