

Primary Bank Hosts Presidential Candidate Carly Fiorina

Fiorina addressed the crowd about the importance of community banking.

December 10, 2015 – Bedford, NH - Primary Bank hosts a visit from Republican Presidential candidate Carly Fiorina. Mrs. Fiorina took a tour of the new Bank facility and met with local business leaders in attendance and shook hands with the Bank's 17 employees. She then addressed the crowd about her vision for the country, touching upon national security and the importance of local community banks.

"I am very grateful for the opportunity to engage with the local community and discuss my blueprint to take our country back today at Primary Bank. Dodd-Frank has crushed more than 1,500 of the community banks that provide half the loans to small businesses—while the ten banks too big to fail have simply become five banks too big to fail. Community banks like Primary Bank are the engine of our economy. We need a proven leader who isn't afraid to undo the regulations that are crushing our nation's small businesses, stated Mrs. Fiorina."

"We are honored to have Mrs. Fiorina visit our Bank and are proud of our initial success. Since our doors opened for business nearly five months ago, we've been grateful for the support from the local business community. It's a great day when Primary Bank can host a Presidential candidate in our first-in-the-nation primary state," said Bill Stone, President and CEO of Primary Bank. "Engaging the local community with policy leaders is part of what it means to be a community bank."
