## Table 8 Pasta Set to Open in July

Excitement is building as our friends at [Table 8 Pasta](#) are preparing for their grand opening. We stopped by in time to see some of the finishing touches - brightly colored tile, decorative light fixtures and a customized table for - yes you guessed it - 8!

This fast-casual restaurant promises to use fresh, locally sourced ingredients. Choose your pasta, choose your sauce and customize with added vegetables, protein or other favorites like capers and olives.

Here's a photo of owner Mitch DeBonville and Primary Bank EVP, Senior Lender Joe Bator. We're proud to finance Table 8 and looking forward to their success!

## Secure your Devices for Summer Travel

As summer begins, many people will travel with their mobile devices. Although these devices—such as smart phones, tablets, and laptops—offer a range of conveniences, users should be mindful of potential threats and vulnerabilities while traveling with them.
